

Fabric Box Instructions

(Adapted from seasidestitches.blogspot)

Materials

- (2) squares of fabric, 10" square. The boxes finish at about 4" x 4" x 3" high.
(Use 8" or 12" squares for different size boxes)
- Batting, the same size as the fabric (or a little bigger).
- (4) coordinating buttons
- walking foot

Step 1: Layer the fabric, right sides together, on top of the batting.

Step 2: Stitch 1/4" seam around perimeter, leaving an opening of about 4" on one side

Step 3: Trim batting close to seam allowances to reduce bulk.

Step 4: Turn right side out and press.

Step 5: Top stitch close to the edge, closing the opening as you go.

Step 6: Quilt concentric squares, as shown

Step 7: Fold the quilted square in half, right side in. Mark a 2" triangle in the corners (adjust for different size square). Stitch the 2 bottom corners, tacking at the beginning and end.

Step 8: Open it up and fold it in the other direction, marking and stitching the remaining 2 corners.

Step 9: Turn the box right side out. Fold inside lining flaps sideways and stitch in place. Fold outside flaps down and tack with a decorative button..
