

Veterans Quilt Project

Purpose:

- To provide quilts for the transitional unit at the McGuire VA.
- Facilitate new friendships and community spirit between members of the guild.

Form groups of 4-6 members

- Work on the quilts for 5-8 months
- Each group would have at least one member that joined the guild in the past 2 years. This will be done by random drawing at the January meeting. The goal is to have enough members participating so that we can form 5 groups.
- Name your group; come up with a logo or anything to make it fun and creative.

The February Meeting

- Program will be a work day for starting the quilts. Each group can decide how they will go about completing the quilt.

Quilts

- Quilts will be twin size, in the measurement area of 63-68 by 84-89. Please no larger or smaller than the numbers given.
- Limit is two.
- Groups will determine pattern design and how many quilts they want to make.
- Fabric is available from the guild or members can provide their own.
- The quilts will be going to men so keep this in mind when choosing the fabric.
